

Part Number	Description	Qty
S/HU/185-3-123	PSi Sulky Vision Head Unit	1
S/DC/500-10-640	Kit Leaflet	1

If a customer has a PSi, Sulky Vision X, they simply need an SD card and a GPS16 PS and they can start spreading from a plan.

If they have an older Pro Series the only option is to upgrade it to PSi Sulky Vision X direct from RECO. The upgrade instrument is supplied with Sulky Vision X software version PS507-018rev00. This has the latest PF software, PF v2.052

The calibration factors MUST be modified to suit the older type spreaders

	Sulky X Spreaders	Sulky Magnum / DPB spreaders
T=	1.0000	1.0000
A=	-0.00295	0.000000
B=	0.534049	0.040600
C=	8.301750	17.77080
D=	-85.8427	156.5820
